

# Digital Accessibility Statement for Microsoft Bookings (Android)

This accessibility statement applies to Microsoft Bookings (Android)

Microsoft Bookings is provided by Microsoft on behalf of the University of Huddersfield. We want as many people as possible to be able to use this mobile application. For example, you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the mobile application text as simple as possible to understand.

[AbilityNet](#) has advice on making your device easier to use if you have a disability.

## How accessible this mobile application is

[Microsoft's Accessibility Declaration of Conformance Report for Microsoft Bookings](#) has identified the platform as partially supporting WCAG 2.1 AA accessibility standard where applicable.
