Dear Mr Brown

Application to register with the Office for Students

In accordance with section 4(5) of the Higher Education and Research Act 2017 (HERA), I am pleased to confirm that the Office for Students (OfS) has decided to register the University of Huddersfield in the register of English higher education providers (the Register).

On the basis of its assessment, the OfS has decided that your application complies with the requirements put in place pursuant to section 3(5) of HERA and that the initial conditions of registration are satisfied. The OfS has therefore registered the University of Huddersfield in the Register in accordance with its duty under section 3(3) of HERA.

The following annexes to this letter contain important information about the registration process and set out the requirements in place for registered providers:

- Annex A: Information about this registration decision
- Annex B: Your entry in the Register
- Annex C: Approval of information and documents submitted as part of the registration process
- Annex D: Notice specifying the date of entry in the Register and the ongoing conditions of registration
- Annex E: Notice specifying a requirement to report to the OfS reportable events
- Annex F: Notice setting out issues that the OfS wishes to draw to your attention

It is the responsibility of a provider's governing body to ensure that the provider continues to satisfy all of its ongoing conditions of registration and I would therefore be grateful if you would ensure that your governing body receives and is able to discuss this letter and its annexes.

If you have any questions about this letter please contact a member of the Registration team at registration@officeforstudents.org.uk or 0117 931 7488.

Yours sincerely

Information about this registration decision

The status of the registration decision

1. The decisions that the OfS has reached during the initial registration and assessment process, and its assessment that the initial conditions of registration are satisfied, are not intended to have any enduring status and should not be relied on in connection with your future compliance with the ongoing conditions of registration. This is because the decisions reached were based on the judgment made at a particular point in time and in the context of the limited factual and contextual information available at that point in time (the original judgment). You should therefore note that the OfS reserves the right to reach a different view on matters relating to compliance with the ongoing conditions of registration at any future point of time (for forward looking purposes). For example, a different view may be reached on the basis of new information, any changes in relevant circumstances (including market conditions), or more in-depth analysis of information which existed at the time of the original judgment.

Communication of this registration decision

2. You may refer to your registered status on your website or in other promotional material. You may remove any caveats you have previously included in advertising material about access to the student support system for students beginning courses in 2019-20. However, registration with the OfS is not an award and you should not use your registration status for competitive advantage, for example, while the initial registration process is ongoing by claiming that it is a mark of excellence that other providers do not yet hold. Making misleading or unauthorised claims about the status and effect of being registered could breach the Consumer Protection from Unfair Trading Regulations 2008.

Maintaining your registration

3. The OfS's regulatory framework will be fully in force from 1 August 2019. Further information about ongoing monitoring arrangements will be published during 2018-19.
4. In the meantime, the requirements previously set out for the transition period will apply. For the University of Huddersfield these are set out in Regulatory Notice 2: Regulation up to 31 July 2019 of providers that were previously funded by HEFCE¹.

Annex B

Your entry in the Register

1. In accordance sections 3(6) and 3(9) of HERA², the OfS is required to include specified information in a provider's entry in the Register and make this publicly available. The information the OfS plans to include in your entry is set out in the table below.
2. If you consider any of the information set out below to be incorrect you must notify the OfS by email at regulation@officeforstudents.org.uk.

Annex C

Approval of information and documents submitted as part of the registration process

Approval of your accountable officer

1. In your application you nominated a senior officer as your accountable officer. As part of the initial registration and assessment process the OfS considered the suitability of this nomination and has decided that the following individual is an acceptable accountable officer:

Name:	Professor Bob Cryan
Post:	Vice-Chancellor

2. This individual is required to meet the responsibilities of an accountable officer as set out in OfS 2018.29³. You must notify the OfS if there is any change in the identity of your accountable officer by email to regulation@officeforstudents.org.uk. A likely prolonged absence from work, or a sudden departure, on the part of a current accountable officer will require the identification and notification of an interim accountable officer.

Approval of submitted documents

3. In reaching its registration decision, the OfS has decided to approve the documents listed below that were submitted as part of the registration process. The approval of these documents is made on the following basis:
 - a) It is without prejudice to the application of provisions of consumer protection law, including but not limited to the Consumer Rights Act 2015, and under no circumstances is the approval to be relied upon by the provider as constituting a mandatory statutory or regulatory provision for the purposes section 73 of the Consumer Rights Act 2015.
 - b) The provider acknowledges and accepts that the approval is based on the judgment of the OfS at a particular point in time and in the context of information available to the OfS, and the prevailing market conditions, at that point of time (original judgment).
 - c) The provider acknowledges and accepts that the OfS may reach a different view at any future point of time (for forward looking purposes) based on new information, more in-depth analysis of information which existed at the time of the original judgment, or other contextual factors including market conditions.
 - d) The provider does not in any way refer to the approval as:
 - i. constituting any form of positive endorsement or authorisation
 - ii. having any form of enduring status

³ <https://www.officeforstudents.org.uk/publications/regulatory-advice-10-accountable-officers-guidance-for-providers-on-the-responsibilities-of-accountable-officers/>

- iii. being given for any purposes beyond the OfS's conditions of registration and applicable provisions of the Higher Education and Research Act 2017, including but not limited to laws or legislation relating to consumer protection.

Student protection plan

4. During the initial registration and assessment process the OfS approved your student protection plan as it considered the plan to provide adequate mitigation for the risks to continuity of study for your students.
5. You are required to publish the approved plan on your website.
6. Further guidance about the OfS's expectations for student protection plans will be published during 2018-19 to address a number of common weaknesses that were found during the registration process. You may wish to consider whether an update to your plan is necessary when this guidance is published, but we do not require you to take any further action at this time.

Access and participation plan

7. During the initial registration and assessment process the Director for Fair Access and Participation approved your access and participation plan. He will write separately to you about any action you are required to take as a result of this approval.
8. Attached to this letter is your approved access and participation plan. You must publish this on your website by 8 October 2018 and send the url to:
registration@officeforstudents.org.uk.

Annex D

Notice specifying date of entry in the Register and ongoing conditions of registration

1. In accordance with sections 4(5) and 4(6) of HERA, the OfS notifies the University of Huddersfield that:
 - (a) its registration with the OfS takes effect on and from 24 September 2018 and this is the date of entry in the Register of English higher education providers and
 - (b) its ongoing conditions of registration are those specified in the table below.
2. It is the responsibility of a provider's governing body to ensure that the provider continues to satisfy all of its ongoing conditions of registration. Guidance for registered higher education providers on the general ongoing conditions of registration is set out in Part V of the OfS's regulatory framework.⁴ Guidance on the general ongoing condition of registration Z1 is set out in Regulatory Notice 2: Regulation up to 31 July 2019 of providers that were previously funded by HEFCE⁵.
3. Section 6(1) of HERA permits the OfS to impose specific conditions of registration for an individual provider. The OfS's regulatory framework states that such conditions may be imposed where the OfS considers it necessary to mitigate an increased risk that a provider may breach an ongoing condition of registration. During the initial registration and assessment process **no specific ongoing conditions have been imposed.**

Annex E

Notice specifying a requirement to report to the OfS reportable events

1. In accordance with general ongoing condition of registration F3, the University of Huddersfield is required to report to the OfS reportable events as set out in paragraph 494 of the regulatory framework.
2. The requirement to provide the specified information applies on and from the date of registration on an enduring basis.
3. Reportable events must be reported to the OfS within five days of the date that the event is identified or, if that is not possible due to exceptional circumstances beyond the control of the provider, as soon as reasonably practicable thereafter and without undue delay.
4. Reportable events should be reported by email to: regulation@officeforstudents.org.uk.

Annex F

Notice setting out issues that the OfS wishes to draw to the attention of the provider

1. The OfS has identified the issues set out below that it wishes to draw to your attention. These issues represent areas in which you may need to take action to avoid future regulatory action by the OfS but you are not required to take action at this time.

Issues relating to Condition A1: Access and participation plan

The Director for Fair Access and Participation will write to you separately in due course to identify issues to be addressed in your 2020-21 access and participation plan. This will include, but not be limited to:

- reducing the gaps in attainment and progression into highly skilled employment for students from lower socio-economic groups and some ethnic minority groups

This will be in addition to the OfS's routine monitoring of the delivery of your previous access agreements and your access and participation plan.
